CLEVELAND, Ohio, July 28 .- The Nationals made it three out of five from the league leaders yesterday and left for home in almost as gleeful a mood as possessed them when they came to Cleveland in first place early in May. Flushed with their victories earlier in the week Stahl's men went into yesterday's game with that easy confidence that often begets victory. Long Tom Hughes had won his game with so little effort Tuesday that it was decided to send him against the leaderless Naps again. It was good judgment, True the pennant aspirants played dopey bail, but this did not detract from the brilliance of the tall twirler's work. Bay's triple was the only one of the four hits made off him that is worthy of mention. Hughes' support was not only faultless, but spectacular. Huelsman and Jones made great running catches, while Hill, Cassidy, Hickman and Stahl made Cleveland's infield look slow. As on the other days the Nationals have played here, their work was in happy contradis-tinction to the indifferent playing of the Naps, who are in sore need of the pres-ence of the mighty Larry himself to invest their movements with some suggestion of

The Naps were the first to score. With one out in the first Bay shot a swift one between Jones and Anderson, and sprinted Flick was passed. Kahl's roller to Cassidy forced Flick and gave Bay an unobstructed path to the plate. Huelsman put a stop to the proceedings by a superb catch of Bradley's y. This was the only time the home players were anywhere near

The Nationals moved alongside in the Anderson doubled to left and scored on two ours at first. The game was won in the third. Heyden was squeezed hibiting, although the four hits meant vicbetween Kahl and Carr, but Hughes' hot single was followed by Cassidy's slashing triple to right center, Long Tom scoring. Hill's out brought Cassidy home. In the fifth Flick made a school-boy muff of Hughes' fly and by slow work turned Hill's hit into a double, Hughes scoring.

Catcher "Nig" Clark has been loaned to

Detroit and left for Washington with the Nationals last night. The work of the Nationals here has set the wise ones to calculating whether the Napless ones can finish better than third. The team is greatly in need of a leader like Larry at this time.

PITCHER ADAMS TO MAKE HIS DEBUT HERE AGAINST DETROITS

The Nationals reached home this morning at 8:30, after an all-night trip from Cleveland, and immediately after reaching the depot every one of the boys scattered for their homes. Manager Stahl was seen by a Star reporter this morning, and for once he carried a satisfied smile, the result of the splendid work of his team in Cleveland. "We looked pretty bad in St. Louis and Detroit," said Stahl, "but in Chicago and Cleveland the boys put up games that I wish would be forthcoming daily from them. The main fault appears to be in our twirlers. If they perform well the boys back of them get into the games with both feet and it takes extraordinary ball to defeat us. But when they allow as many as five or six runs in the first inning through clean hitting it takes all the life out of the remainder of the team.

by his good work, and I have decided to work him against the Detroits tomorrow, so that the Washington 'fans' can see him

work out.
"I don't like to protest against the umpires, but if there was anything given to us on the trip in the way of a close de-cision I failed to see it. We are due for a little luck in this respect on the home grounds, and we will get back many of the games we lost on the trp."
Tomorrow's game with the Detroits will start promptly at 3 o'clock, and a good crowd will probably turn out to welcome

the Nationals home.
The Detroits arrived in Washington this afternoon and the team is badly crippled through injuries to several of the players. Lew Drill has been doing all the catching of late, but Clarke has been loaned to the Tigers by Cleveland and he will help out. It was intended to play a double-header tomorrow, but the Detroits are in such a bad way that they can hardly put enough men on the field for two games

New Owner for Chicago Nationals. CHICAGO, Ill., July 23.-Word came from Cincinnati last night that Charles P. Taft. owner of the Cincinnati Times-Star and brother of the Secretary of War, is the man behind Charles W. Murphy in his purchase of an Interest in the Chicago National League ball club. The story is also vouched for by Garry Herrmann, who told a num-ber of newspaper men. The same report gained circulation at the Cleveland base ball meeting last week, where Garry Herr-mann is said to have told several friends that Mr. Taft was behind the venture. The entrance of the Cincinnati man into local base ball affairs is interpreted to mean that President Hart will be out of the sport after the present season.

Foundry Trimmed the Leaders in Good Game. The Cowboys and Foundrys, first and second teams in this league, battled for supremacy yesterday, and the most interesting game of the season resulted, the latter

team winning by 4 to 1. The crowd, which was the largest of the year, completely encircled the field, and the partisans of both teams worked overtime in the cheering line. The game early developed into a pitcher's

battle, both twirlers being in fine fettle, and the hits were few and far between, Brown had slightly the better of Kappler, allowing but three hits, one of them being a high bounder to the infield, which was beat out. He also had more strike-outs to his credit than Kappler, having eleven to the latter's ten. Foundry's line-up was considerably changed since its last game, and it seemed to improve the playing, as, with the exception of two errors by Schwitzer in the first, the plays went off without a slip-up. Herbert, late of the Church League, was on third for Foundry remainder of the team.

"Everybody is now in good shape and our stay at home against the western also cracked out a triple, which later resulted in a run. The Cowboys scored their sulted in a run. The first. Chute singled to cenonly run in the first. Chute singled to center, stole second and tallied when Schwitzer let Laframbois' grounder get away from him. After this but two men reached third, but they staid there, as Brown would put on extra steam and strike out the rest. Foundry got its first two in the fourth. Herbert tripled to left, and scored when Brown shot a single through short. The latter went to second Havens' single, to third on a fielder's choice and scored on Mulligan's out to Herrmann. In the fifth Addison led off with a hit, but was caught at second when Schwitzer hit to Cotter. The latter continued on to second, as La-frambols threw wild in trying for a double

NO PROTECTION

FOR TRI-STATE

PENNSYLVANIA TEAMS WON'T JOIN NATIONAL AGREEMENT.

HARRISBURG, July 28 .- There were but four clubs represented at the meeting of the Tri-State League last night. Harrisburg York, Altoona and Johnstown, and when it had finished its labors it transpired that all of the stories of big league protection that have been sent out from Altoona were purely "hot air" and nothing more. The Tri-State is not after protection, doesn't want it and wouldn't know what to do with it if got it.

President Creamer presided over the meeting, and there were present William C. Farnsworth, honorary president of the Harrisburg Club and donor of the championship cup. There was very little business transacted and that of a perfunctory character. The question of reducing the num-ber of umpires from five to four was considered and final decision was postponed un-til all of the eight clubs can get together and decide. The matter of club bonds, given to guarantee the finish of the season,

was taken up, and it developed that the league is fully protected.

As to the matter of league protection there was not a word sald. President Creamer, when asked about this phase of the meeting, said that there was nothing in it. "You may say for the Tri-State League," said President Creamer, "that it has no idea of taking up the question of nation protection at all. The Tri-State is perfec ly satisfied with the decision of the Dauphi county court and feels that it is on sur ground. The stories that it is on sur-ground. The stories that came out of Al toona to the effect that we need protection are all "hot air," and did not emanate from any authoritative source, "Mr. Bochel of the Altoona Club, from whom anything authoritative could origin nate, has not been in Altoona for ten day and the story of national protection

Columbias Shut Out Carrolls. The Coliseum was the scene of another slaughter yesterday in the Capital City League, the Columbia Athletic Club walloping Carroll Institute to the tune of At no stage of the game was the insti-

tute dangerous, save in the first inning, when Kinney led off with a three-base hit. The batters following him, however, could not keep the ball out of the air, and he died on the third cushion. Carr and Symanowski for the institute were not hit hard, but the bingles came when they were most needed, and it does not take many hits to win a game in which the losers do not score. Fulcher and Taylor fattened their batting averages considerably, as also did Kinney. There were no unusual fielding features, save Babson's large number of assists and

Fulcher's neat plays on ground hits. For-ney also made easy work of his six chances. The game was considerably delayed at several stages by consecutive fouling of the balls. It took a good many minutes to retrieve foul flies out of the lot. The

IOHNSON GLEANS MORE EVIDENCE

CHICAGO, Ill., July 28.-President Ban B. Johnson of the American League, who has returned from the meeting of the national commission at Cleveland, reports new developments in the Griffiths case indicating an alleged case of blackmail in the SUNDAYSCHOOLLEAGUE Southern League. Griffiths and Stallings are reported having attempted to force the owner of the team to join them, and threatened to put him out of business if he did

not join them. These points will be taken up at the next meeting of the commission, to be held in Chicago August 15.

President Johnson, in speaking of the meeting, said: "An interesting case was brought before the commission in connection with the Griffiths case. It seems that Griffiths and Stallings have been endeavoring to black-

mail some of the minor league owners. "The Atlanta team of the Southern League was recently bought by Mr. Joyner for \$19,000. Stallings and Griffiths immediately went to Joyner and told him that if he did not come in with them they would cause him to lose his best players. They also intimated that unless he speedily came in with them his team would be placed in

"This, if true, is nothing short of an attempt at blackmail, and if such a condition exists in the minor leagues it is time some drastic action was taken by the commission. The commission has arranged to have Mr. Joyner appear and state his case at the Chicago meeting. We are unable to take any definite action on account of the lack of evidence. If Griffiths and Stallings are guilty of these charges, the best thing to do is to railroad them out of base ball. In the Griffiths case we were stopped by a legal technicality, but we will be able to go

ahead with it at the next meeting. "The foul strike rule was not taken up, but merely considered in an informal manner. I hope it will be taken up soon. have great need of the repeal of the rule. Such a rule would benefit one of the local teams greatly, but I won't say which

WESTERN YACHTING SEASON To Reach Its Climax With Tomorrow's Lake Regatta.

CHICAGO, July 28.-The yachting season in the west reaches its climax when the fleet of the Chicago Yacht Club and the representatives of the Detroit and Cleveland yacht clubs cross the line tomorrow afternoon in the start of the long cruising races, the former at Chicago, the latter at Port Huron, both bound for Mackinac Island. Four splendid schooners, evenly matched and well representing the types of craft popular on fresh water; a half dozen

ning before a southerly gale. Very high seas were running at the north end of the lake, and there were many accidents to spars and rigging. It is not thought probable that this record will be equaled this year, although there are indications of the probability of planty of wind probability of plenty of wind.

The only limitation of rig is the barring

of club topsalls. The closest race will probably be between the four schooners Hawthorne, Alice, Uncas and Mistral. Hawthorne is the favorite for heavy weather and Uncas or Alice for light. Much interest is aroused by the determination of Miss Wright, a flag member of the club, to race her twenty-five-foot sloop Lady Eileon. Two young women will assist her, and there will be no men on board. Prizes will be offered to the winner in each class to the first heart in each class. each class, to the first boat in, and to the one making the best time on time allow-

BRIGHTON RACES. Wild Mint Won Test Handicap in Hot

Hermis was badly beaten in the Test andicap, one mile, run at Brighton Beach yesterday, in the presence of more than 15,000 spectators. The little chestnut packed 132 pounds and was a hot favorite, the public backing him down to 6 to 5, but he was never able to take the lead after the start and was finally pulled up by Redfern when the task was hopeless, finishing absolutely last. James R. Keene's Wild Mint, a 5 to 1 shot, won this race by about three irches from Sydney Paget's Hamburg Belle, who went up in the betting to 8 to 1, with J. L. McGinnis' Buttling, 7 to 1, taking third meney. The race was a chapter of mishaps, all of which served to be of much assistance to the winner. At the start both Alan-a-Dale, second choice, and Buttling did not break with the others. Alan-a-Dale was up with the leaders at three-quarters of

a mile, but after that he found it impossi-ble to improve his position and finished three lengths out of the money.

In the wild rush for the leadership on the lower turn, Hermis pinched off Hamburg Belle, who lost at least three lengths. Wild Mint meanwhile had the rail, and was setting a fast pace, so that when Hermis tried to go to the front at the beginning of the back stretch the Keene colt showed his quality by remaining in possession of his advantage. Redfern persevered with Hermis to the far turn, where the \$60,000 horse began to tire and fall back. Then Willie Davis sent Hamburg Belle after Wild Mint is carried. in earnest. They turned into the stretch almost on equal terms, with Willie Knapp hustling Buttling along behind them. But Knapp erred in not taking his mount to the stretch for the stretch outside, for he quickly got him into a wedge between the two leaders, only to be craft popular on fresh water; a half dozen powerful cruising yawls and several racing sloops will race in the respective classes, with ten minutes between the classes.

The distance is 340 miles, and it was covered last year in thirty-two hours, running before a southerly gale. Very high seas were running at the north end of the lake, and there were many accidents to spars and rigging. It is not thought probable that this record will be equaled this won in another jump. On the whole, with no idea of detracting from the victory of the Keene colt, the general opinion was that Hamburg Belle was best. She received four pounds from Hermis and gave nine to Alan-a-Dale, seven to Wild Mint and twelve to Buttling. She never looked in more superb cordition and her lack of support was one of the strange features of the race. The mile was run in 1391.5 the three-quarters mile was run in 1.39 1-5, the three-quarters being covered in 1.13 1-5. At the scales Hermis pulled up sound, but his defeat puzzled many of the smart people who plunged on him for the limit.

Mr. Keene also won another race during the afternoon, the last event, for maiden two-year-old fillies, five and a half furlongs, when two daughters of the famous Voter, Ballotta and Curiosity, ran first and second, respectively, McDaniel driving the former out to win by a head. They were coupled favorites at even money and were heavily backed. Hester W., owned by J. L. Holland,

favorites at even money and were heavily backed. Hester W., owned by J. L. Holland, took third money, with 40 to 1 about her. The time was 1.68.

But the success of Wild Mint and Ballotta did not make up for the general disappointment over the race run by Mr. Keene's Kuroki's first appearance this season, and so much had been said of him that he was always an odds-on favorite, closing at 7 to 10. At the start, although he broke with the others, he quickly fell back, Lyne proceeding to run him into several pockets instead of going to the outside. The colt seemed to be green and awkward, showing little of the looked-for speed, and when Lyne put him under the whip in the run home he was unable to get inside of the money, although he made up considerate. The lime was 1.16, decidedly slow considering the favorites at even money and were heavily backed. Hester W., owned by J. L. Holland, took third money, with 40 to 1 about her. The time was 1.68.
